ANBI Publication Form 2025
(English Translation)

1. General Information

Name: Focused Ultrasound Foundation
Chamber of Commerce No.: 95127186
Address: Maanlander 39
Telephone: +31 6 21532363
E-mail: pbroks@fusfoundation.org
Website: www.eufusf.eu
RSIN: 867012596
Primary sector: Health – Medical Research and Prevention
Countries of operation: The Netherlands and other European countries
Employees (average FTE): 1
Volunteers: 3
Management Board:
- P. Broks – Chair
- J.L. King – Secretary/Treasurer
- J.C. van Kranenburg – member
Supervisory Board: C.T.W. Moonen and N.F. Kassell
Target groups: General public, Patients, Other.

Statutory Objective

The Foundation's mission is to improve lives by making focused ultrasound available to patients as quickly as possible. Its principal objectives are:
• Increase awareness of focused ultrasound and improve patient access.
• Finance medical scientific research from its own resources, independently or together with other foundations.
• Raise additional funds.
• Collaborate with the medical community and industry partners to accelerate technology development.

Policy Plan

The Foundation focuses on:
• Funding medical research (such as the iFocus Study).
• Education and awareness through presentations, campaigns and partnerships.
• Collaboration with other foundations and industry partners.

Activities take place throughout the year. Since regulatory approval requires studies involving larger patient populations, funding research and informing patients help accelerate this process.

Income

The Foundation receives income from:

- Returns on its own assets
- Donations from individuals
- Contributions from companies
- Grants from (international) organizations
- Donations from other non-profit organizations

Use of Income

Income is primarily spent on research projects and awareness activities relating to focused ultrasound. A limited portion is used for fundraising and management & administrative expenses.

Policy Plan URL

https://eufusf.eu/the-foundation/accountability/

Remuneration Policy

Board members and supervisory board members serve without remuneration. The Executive Director receives compensation in accordance with the guidelines of Goede Doelen Nederland (Dutch Fundraising Association).

Activities Report

The 2025 activities report can be found in the Management Report, Chapter 3: https://eufusf.eu/the-foundation/accountability/

2. Balance Sheet (31 December 2025)

The financial figures remain unchanged from the Dutch ANBI publication form. Assets mainly consist of receivables (€828,354) and cash and cash equivalents (€878,213). Receivables mainly relate to pledged but not yet received donations, including a significant amount designated for the iFocus Study.

On the liabilities side, equity consists primarily of designated reserves (€851,301) and a continuity reserve (€29,781). The designated reserves comprise funds earmarked by the Board for specific projects, particularly the iFocus Study and other restricted donations.

3. Statement of Income and Expenses

Total income amounted to €1,865,477 and total expenses to €1,008,794, resulting in a positive balance of €861,143. The majority of expenses (€895,671) was spent directly on the Foundation’s objectives, particularly research (iFocus Study) and awareness activities.
